This isn't a coloring book meant for just children, but a book designed to appeal to colorists of all ages. Each page is rendered with such passion that Cook's deep-seated love for mermaids as creatures of fantasy and imagination all but leaps out to embrace the colorist. It will appeal to people who love to color, love mermaids, and both.0 of 0 people found the following review helpful. Beautiful coloring bookBy Todd AllisBeautiful coloring book! Lots of mermaids to color, as well as some dolphins and mermen, with detailed backgrounds. Be advised that it contains tasteful nudity, even one breastfeeding mermaid. I would recommend it for anyone who enjoys coloring and/or mermaids.

A coloring book featuring forty-eight drawings of mermaids by Tim Cook.
