Leave other sports' sledges to the players who played those games. The book was too short for my liking.1 of 1 people found the following review helpful. ordinaryBy RossOverpriced and will take 30 minutes to read quotes that have already been done to death. Don't waste your time.0 of 0 people found the following review helpful. Best Christmas present for 2012By Mervyn MagicThis book will have you rolling on the floor laughing. It's a well-written, comprehensive and light-hearted look at sledging - or trash talking as the Americans call it - in sport. Merv Hughes was one of the best in the business at "mental disintegration", the term coined by former Aussie cricket captain Steve Waugh. Any sports fan worth their salt should have this book on their must-read list.

Australian sportsmen are known worldwide for their hilarious and, quite frankly, inspired sledges. Over the years, there have been some classic lines uttered on a variety of sporting fields and arenas, whether it's across the cricket

pitch or on the footie field. Now, for the first time, we have the ultimate collection of sporting insults brought together by a man with a reputation for his humorous witticisms and cutting sledges: Merv Hughes. Merv Hughes' Best Sporting Insults will amuse any sports fan for hours.

About the Author Merv Hughes is one of the true characters of Australian sport. A big-hearted fast bowler, he was one of the greatest to have played our national game, taking 212 wickets and making 1032 runs during 53 Test matches he played for Australia. With his mischievous sense of humor and his imposing moustache, Merv is regarded by both Australian and international media as one of sport's eminent providers of quotable quotes.
