before purchasing it in order to gage whether or not it would be worth my time, and all praised Millie Marotta's
Animal Kingdom Book of Prints (A Millie Marotta Adult Coloring Book):

2 of 2 people found the following review helpful. Hoping for more of this style bookBy Cynthia TI love this book of
prints. Very thick, oversized paper and printed on one side. My only slight dissapppointment was the choice of
drawings. Apparently my favorite drawings are not Millie's favorites! But it's still a great choice. So much easier to
color a single sheet than hassle with a book and it's binding,0 of 0 people found the following review helpful. I have all
of Marotta's coloring books and post cards and love them! This one, however, is disappointing.By Pink PussycatLet

me first say that I LOVE Millie Marotta's work and have all her coloring books, deluxe editions, and post cards - all of which are all fantastic and I give all 5 stars to. I was quite disappointed in this book of prints, however :(The paper wasn't as thick and absorbent as I have come to expect in these types of special editions, and the selections chosen for this special edition aren't what I personally would have chosen. Also, there are only 18 prints, why not an even 20? 0 of 0 people found the following review helpful. This is one of two authors that draws superb adult coloring books! By CustomerOne of a handful of favorite coloring book artists. I've purchased all her books, postcards, etc. Great fun to color!

Praise for *ANIMAL KINGDOM*: “A colouring book filled with art so beautiful and intricate, you’ll be hesitant to colour it in, even though your own shading only serves to enhance these amazing illustrations.”—BuzzFeed.com “In her books, you'll find whimsical images of idiosyncratic animals, flowers in bloom, and sophisticated patterns at play. Who doesn't love the idea of immersing oneself into a fantastical world of monochromatic illustrations and bringing them to (colorful) life?” —MarthaStewart.com “Coloring can be weirdly calming, even for grown-ups. *Animal Kingdom* is a coloring book for adults, filled with stunning, intricate illustrations of various fauna and foliage that’ll ensure hours of relaxation.” —RealSimple.com “I am on the coloring bandwagon. I can’t wait to try all the fun animals in this book especially the bunnies and squirrels that are just darling. If you haven’t tried it lately I highly recommend it! So fun and relaxing.” —CraftGossip.com
