HA HA HA HA HA! *Points at Book* HA HA HA HA HA HA!By Ms. RockiOnce upon a mime...yes, that is how this book starts its visual adventure in Mime Very Own Book by Doug Jones. This book...oh my goodness...I laughed and I laughed. Doug Jones hardly holds back in the most unexpected ways.Don't eat or drink while looking at this book, you are bound to spit it out when you least expect it and ruin this mime-diculous book. Then there will be moments you wish you had brain bleach. Sort of. That will be about the same time you'll be splitting your sides with laughter.Eric Curtis did a damn awesome job with the photography. He made it so believable to have so many Doug Joneses on one page.Mime Very Own Book is not long, but it is jam packed with ridiculously funny stuff. Doug Jones is one very wickedly funny guy who pokes fun of himself while also making us laugh out loud with nary a word said.PS: I purchased the Kindle version and read it on my Kindle Fire and on my laptop. While I still got a lot of great laughs, the smaller size of the graphics takes away some from the pleasure of this

visually unique book. I'd say the physical book version would be better, especially if you are avid Doug Jones fan. Doug added a flip-book animation set which nearly gets lost in the digital editions. Kindle ed. is 4 out of 5 stars. Book overall: 5 Stars! Funny, funny, funny stuff. 0 of 0 people found the following review helpful. Fantastic fun and mimey mockery. By @theCryptKicker There's no one with better body language than Doug Jones, and apparently no one with a better eye for folly than the team of authors and contributors who put this terrific coffee table book together. The artistry that goes into every shot is impressive, not only considering the talent of mime and actor Doug Jones, but also the incredible talent required to put together the intricate and ingenious sets and backgrounds. If you're looking for a good laugh on every page, or just an entertaining book to leave out for guests to enjoy, give this one a try. 1 of 1 people found the following review helpful. Practice Mime. By Teacher 1863. Confiscated by parents for being too risqué. Meant to support a budding young Mime.

A hilarious visual smorgasbord, this vibrant photo narrative offers a quiet, introspective look into life as a silent emoter. Replete with images of actor and mime artist Doug Jones shot against an array of artistic and real-world backdrops, this social commentary spoofs pop culture and fairy tale favorites. Witty photo parodies include Frank 'n mime, Marilyn Mime-roe, Mime-hammad Ali, Mime a Llama ding-dong, and Mimeageddon, as well as the "Once Upon a Mime" tales in which the big bad wolf gets bested in a series of mime encounters based on Little Red Miming Hood and the Three Little Pigs--poking fun at legendary personalities, characters, and moments while showcasing photographer Eric Curtis's trademark vision. Foreword by Josh "the Poncemime" Perry.

"I found myself literally laughing out loud as I turned the pages and was left wanting to share the images instantly with others. . . . Looking for a fun time? Be sure to check out this book." Mike Gencarelli, www.MediaMikes.com (January 2012)
