Not a great hit, but we liked it!0 of 0 people found the following review helpful. No PDF linkBy PennyAgain another Kindle unlimited book with no PDF link which in this case is okay because I would not have downloaded it anyway , I am very disappointed with this book it is a countdown to Christmas book with the same image for each number of the day every few pages there will be a very small image in the middle of the page . I do not recommend this book
