As a new mother, writer Carolyn Coppola was fortunate enough to find an incredible group of women who forged a bond that most new mothers (or any women for that matter) would envy. "Minivans, Meltdowns Merlot" is the story of

their journey through motherhood and the supportive community they created along the way. "Minivans, Meltdowns Merlot" is a realistic, hilarious and poignant look at motherhood that every mother will relate to. Reading the stories in "Minivans, Meltdowns Merlot" is like having a great support group all mothers are looking for-or were lucky enough to find.
