William K. Stevens : Miracle Under the Oaks: The Revival of Nature in America before purchasing it in order to gauge whether or not it would be worth my time, and all praised Miracle Under the Oaks: The Revival of Nature in America:

1 of 1 people found the following review helpful. A great introduction to ecological restoration through the eyes of

passionate ...By Danae ZytoskeeA great introduction to ecological restoration through the eyes of passionate pioneer in the field (and not even an academically "sanctioned" expert). Really a good read. Let's look at what we CAN do to help this planet.0 of 0 people found the following review helpful. ... oak savanna for 15 years and following the methods recommended by Stevens in his book on tall grass restorationBy CustomerHaving worked on restoring an oak savanna for 15 years and following the methods recommended by Stevens in his book on tall grass restoration, it was interesting to read the history of their efforts in north suburban Chicago.1 of 1 people found the following review helpful. Five StarsBy M. BoomgardenAn inspiration for our own savannah restoration project.

Praises one of the most astounding success stories in the history of ecological restoration--the revival of a long-lost ecosystem along the Chicago River--and gives an overview of similar projects and tips on how you can get involved in saving the planet. Reprint. NYT.
