Told in dual narratives, we are swept up in both Emma and Jane's stories of One Folgate Street, a minimalist architect's dream home. But there are rules for the tenants--lots of rules...and although they initially seem logical, we soon determine that there is something a little too obsessive and controlling about the landlord. What follows is a gripping psychological thriller that sucks you in from page one! I devoured in it one

sitting. Lots of brilliant twists and turns that keep you guessing until the final page. I'd give this 6 stars if I could--a nail-biter for fans of *The Girl on the Train* or *Gone Girl*. Absolutely loved it! 0 of 0 people found the following review helpful. Five Stars

Great book!

Murder, sex, and conspiracy is the recipe for this chaotic cocktail from the bowels of hell. Eyan Hunter is having a normal day, when, all of a sudden, one mistake changes his life completely. Sink into the story, as Eyan goes from a normal guy to a complete psychopath, right before your eyes.
