Spoke her mind; did it with great knowledge and intelligence, and What a Sense of Humor! I'd loved to have known her! She told it like it was and would still be, if here. Her presence and political savvy is sorely missed.

She could deflate pomposity with the most perfect combination of words and leave you wanting more. She had a homing sense for Truth that regardless of who got in her crosshairs, I doubt any could hate her for it because she did it with such style AND it Was the Truth. Those who wound up in one of her columns probably said "Ouch," but deep down they knew they deserved it. Don't know for certain, but don't think she was ever sued for what she wrote because Molly had her facts, first. Miss her! 0 of 0 people found the following review helpful. Molly Ivins is a MUST BUY! By Customer Molly Ivins CAN say that and does say it wonderfully! Ms. Ivins will capture you in her down home warmth and sharp wit and extreme intelligence. 1 of 1 people found the following review helpful. What makes her humor so funny is that she was raised in a very conservative ... By Rolando V. Arango Molly Ivins' views on American politics were incisive, humorous and honest. What makes her humor so funny is that she was raised in a very conservative area of Tejas yet, she was a thinking liberal that was not afraid to take on the democrats and hometown republicans. I gladly recommend reading her thoughts because they are just as applicable today as when she wrote them. Enjoy.

Whether she's writing about redneck politics in her native Texas or the discreet charms of Bushwazee, Molly Ivins is never less than devastatingly honest—and hilarious. Our toughest, funniest, and savviest columnist delivers the goods on: -Texas politics: "Well, our attorney general is under indictment. He ran as 'the people's lawyer'; now we call him 'the people's felon.'" -The flag burning debate: "Bush's last birthday cake was in the form of the American flag, and he ate it—stars, stripes, and all. Think about where that flag wound up—I call that desecration." -Beign a woman in Texas: "There are several strains of Texas culture: They are all rotten for women... One not infrequently sees cars or trucks sporting the bumper sticker "Have fun—beat the hell out of someone you love."

From Library Journal Ivins, past or present columnist for The Nation , Mother Jones , The Progressive , Ms. , and other unabashedly liberal publications, combines political savvy with a wicked sense of humor. Her primary target is Texas politics and "bidness," but she also discusses Ronald Reagan (including her classic look back on the Cowboy Ronnie Show, "Don't Worry, They're Happy"), George Bush (in a section titled, "The Discreet Smarm of the Bushwazee"), journalism ("Coppeeeee!" a eulogy on the Copy Boy), feminism ("The Women Who Run Texas"), and others. Ivins concludes with "How Ann Richards Got To Be Governor of Texas," a breathless whistlestop tour of Texas's 1990 gubernatorial race, a classic paradigm for Texas politics. Highly recommended for academic libraries and political science, women's studies, humor, and journalism collections. - Keith R.A. De Candido, "Library Journal" Copyright 1991 Reed Business Information, Inc. "If there is a shrewder, funnier observer of the American scene writing today that Molly Ivins, I do not know her. This is unconventional wisdom with no inhibitions. Bless her and don't let her change." - David Broder, Washington Post "A delight from start to finish... Molly Ivins proves that keen intelligence and a Southern accent are real good buddies... She has wise and often hilarious things to say." -The New York Times Book "Wickedly funny." - Detroit Free Press "Molly Ivins has birthed a book and it is more fun than riding a mechanical bull and almost as dangerous." - Ann Richards, governor of Texas. From the Inside Flap Only Molly Ivins can write about redneck politics in her native Texas and the discreet charm of the Bushwazee and manage to be both brutally honest and unabashedly affectionate.
