"Mom Knows Best" is a delightful book about what its like to be a mom. While most moms try to make everything perfect, all the time and keep it together under all amounts of stress and deprivation, Joan Anderson, mother of 5, gets it right. "It doesn't matter if there's peanut butter in the curtains." She shares her trials and tribulations with us all and gives all moms hope and inspiration. She shares what ages are better or worse. She takes us through the growing process, toddler, teen, young adult, and explains what

most moms feel as she sends each off to college. One of my favorite stories is about the end of Summer break. Joan has a rare and incredible comical writing ability that just makes me laugh out loud. I even shared passages of the book to my husband who also enjoyed the comedy. 0 of 0 people found the following review helpful. THIS BOOK IS HILARIOUS AND A BIT SAD AND SWEET AND TOUCHING. And while Joan's mothering instincts may not be the most conventional, they sure are entertaining. Encouraging and uplifting, this book reassures mothers everywhere that things really will be okay---even if there is peanut butter on the curtains.
