18 of 18 people found the following review helpful. Oh Mother...By Katherine CareyI could spend days telling ridiculous stories about my mom, but none would be as funny or touching as the stories from the folks in this book. This is a totally enjoyable read filled with laughs and cringe-worthy moments that will remind you of your own childhood. Oh, and to call your mom.

I don't feel like reading the whole book to find the rare jewels amongst the common, unusual, ludicrous ones. I thought this would be a clean book I could recommend to my daughter but every now then a story appears with profanity. It's unnecessary I hope the day comes when writers will realize that they can write a conversation without it. I don't know people who talk with that if I'm around someone who slips up, they apologize. Why do writers for magazines, books, TV, movies, social media not realize that it shows their lack of communication skills writing ability if they can't write without throwing in "shock value". It detracts in my opinion if a writer has to depend on that, they aren't worth reading.
6 of 6 people found the following review helpful. Hilarious anthology from some very funny peopleBy JulieMom's Are Nuts is a wonderful collection of stories about moms that everyone can relate to, not that I'm calling my mom nutty, which I would never do because she is a saint. Instead, I related to the moms described in these funny essays. It warms the cockles of my heart to know there are grown-up kids out there who can find the "funny" in every mom's struggle to raise useful contributors to society. You grown-up kiddos may mock us now, but just wait until you have children of your own. Nutty moms become something called "extraordinary grandmothers," and most of us relish every moment of it. P.S. There will be sugar. Make sure your dentist 's phone number is programmed into your cell phone.

Emmy winners, magazine editors, comedians, TV personalities, bestselling authors and social media superstars team up to bring you a laugh-out-loud book not about being a mom, but about having a mom, grandmom or mom-figure. And while it's not OK for someone else to make yo-momma jokes about your momma, it is perfectly healthy — even downright hilarious — to find the humor in your own upbringing. In fact, these writers highly recommend it. So if you think your mom is nuts, pull up a chair. You're in good company.

From the Back Cover"\"These essays are so good and so funny, it makes me mad that I don't know a lot of these writers. Wait...that's the kind of back handed compliment you'd get from an obnoxious mom. Curses!\" - Laraine Newman, original Saturday Night Live cast member\"I laughed and cried and loved Moms Are Nuts. Each writer turned their nutty memories into the sweetest lemonade.\" -- Wendy Liebman, comedianAbout the AuthorWritten by Emmy winners, magazine editors, comedians, TV personalities, bestselling authors and social media superstars: Wendi Aarons, Eliza Bayne, Dylan Brody, Matthew David Brozik, Becky Cardwell, Sean Crespo, Abbi Crutchfield, Gloria Fallon, Carol Ray Hartsell, Abby Heugel, Debbie Kasper, Nancy Davis Kho, Kelcey Kintner, Cathy Ladman, Kurt Luchs, Kelly Maclean, Marinka, Vanda Mikoloski, Mary Laura Philpott, Lisa Page Rosenberg, Arlene Schindler, Molly Schoemann, Susan Stobbart Shapiro, Suzy Soro, Amy Vansant, Pearl Vork-Zambory
