**Gerald Scarfe : Monsters** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Monsters:

0 of 0 people found the following review helpful. influences and opinions of one of my favorite artists. Decades of work By rstViews, influences and opinions of one of my favorite artists. Decades of work, beautifully presented in a condensed format that leads you to wonder what astute caricatures Mr. Scarfe will present in the coming years, given the wealth of material he has to work with in today's world. 1 of 1 people found the following review helpful. Gerald Scarfe's Monsters By Julie E. M. McGeoch A must - a revelation and a tally in 288 pages of our leaders. Scarfe depicts with surgical accuracy that pursuit of power has been the aim of the whole bunch. Nothing has changed in 2000 years - democracy is virtual.

Gerald Scarfe, Britain's most controversial satirical artist, is famous for having worked with a broad and eclectic mix

of British and American icons, including Pink Floyd and Disney. But he is perhaps best known for his political cartoons, which have appeared in numerous newspapers and magazines, notably in the Sunday Times. Published to coincide with a major exhibition of the original artworks in the Houses of Parliament, this new book brings together fifty years of Scarfe's political drawings in a brilliantly entertaining journey through the history of our nation's leaders, from Churchill's last visit to the House of Commons in 1965 to the Thatcher years to Tony Blair's legacy and Gordon Brown's succession in 2007. With razor-sharp wit and exuberant energy, Scarfe's drawings lampoon our leaders' political ambitions, scandals and disasters in inimitable style.

About the Author Gerald Scarfe was born and lives in London. His incredible career spans newspapers, satirical and political publications, television, film, theatre and opera. He has worked for the SUNDAY TIMES for 38 years and the NEW YORKER for 12 years.
