that are actually funny. By Kindle Customer Any problems encountered were quickly addressed and corrected. I like that quality when dealing with someone you can't even see face to face. 0 of 0 people found the following review helpful. good book By goatlady this is not as funny as the first book, but not bad, the farm humor is my favorite as my dad was a farmer

When you recover from reading our first book of country humor Country Chuckles, Cracks and Knee-Slappers, our second volume of country humor will set your sides to aching all over again! All new jokes in the same flavor of our highly popular first book--funny enough to put you on the floor, and clean enough to tell the pastor! If you enjoyed the first book, you'll love this one!

If there's one thing farmers need more than rain and \$5 per bushel corn, it's a good laugh. More Country Chuckles, Cracks Knee-Slappers is the best source of laughs for farmers I've come across in a long time. It starts off with 1,087 exciting new jokes and stories to go along with the original Country Chuckles, Cracks Knee-Slappers book that featured 1,241 of the best country jokes you'll ever find. But you don't have to be a farmer to get a kick out of the funnies contained in this book. Anyone who enjoys a good laugh will not be able to put this book down. -- Lewis Baumgartner, World's Worst Farmer
