AndersenOK I have to say I had some reservations about the "dictionary" thing but believe me, it's not a cut and dry dictionary at all. It's a loving, laughable, beautiful insight into life. And, you do not have to be Mormon for it to be applicable. I grew up in a Southern Baptist family and found it a delightful trip down memory lane. I highly recommend this little piece of reality! It will lighten your day

and couldn't be a more wonderful stress reliever.4 of 4 people found the following review helpful. dictionary, anecdotes, recipes....love the variety of humorBy LynnI enjoyed reading all the humorous takes on the culture I grew up in, along with amazing anecdotes and recipes, etc. these things are so true, I know it without a shadow of a doubt!0 of 0 people found the following review helpful. So very funny!By KizzyThis book had me laughing out loud in many public places and people looking at me like they wanted to know what was so funny. I thoroughly enjoyed her humor and creative way of describing and writing things. I recommend it to anyone, especially Mormons. Get one for your friends as a gift or as a VT gift. Highly recommended.

A humorous dictionary of Mormon living.
