I like the idea of reading words that are straight from the heart of the writer. Because most of these are diary or journal entries, you get the total scope of what a person is feeling in the truest sense

because these words were never written to be read by any other person but the writer. The only problem i have is that some of the stories just end with no warning or even a adult update on what eventually happened. over all its a good read, it gets me through my lunch break.0 of 0 people found the following review helpful. Still MortifiedBy McGuffy Ann Morris"Mortified 2---Love is a Battlefield" picks right up where we left off in the first book ("Mortified"). Baby Boomers will mostly identify as these stories are in the time frame of their youth. However, I think we all can relate to the embarrassment and intensity of our first love crushes.David Nadelberg has a knack for taking us back there and making us remember how it was---the good, the bad, and yes, even the ugly. Even now, as it was then, it is bittersweet. I look forward to more from David Nadelberg.I like his style and his tenacity, taking us back where we were so vulnerable yet so sure---our youth.

Relive the angst. From starter girlfriends to escapist fantasies to delusional attempts to stand out amongst their peers, *Mortified: Love Is a Battlefield* revisits the boundlessly embarrassing topic of childhood love, uncovering priceless artifacts of authentic teen angst that tell of unrequited crushes, awkward hookups, odd celebrity infatuations, and all manner of romantic catastrophes. The now older (and allegedly wiser) authors of these letters, lyrics, and journals bravely share their shame in stories that range from sweetly hopeful to borderline psychotic. Everyone who ever obsessed over whether that guy or girl in algebra class liked them, or, y'know, liked them liked them, will relish this funny and touching valentine to our collective past

"If Schadenfreude was an Olympic sport, then this book would be its illegal performance-enhancing drug. The baring of souls is seldom this funny or touching. David Nadelberg is the Pied Piper of pre-adult pain." -- Paul Feig, creator of *Freaks and Geeks* and author of *Superstud* and *Kick Me*"In a world where people are obsessed with Google and MySpace, you'd think a book exposing the private love letters and diary entries of strangers would be anticlimactic, but David Nadelberg has compiled the best and, well, most mortifying into a riveting book." -- JaneAbout the AuthorMortified is the creation of David Nadelberg--a writer/producer/angstologist living in Los Angeles, the official town of public humiliation. Since 2002, he has sifted through hundreds of journals belonging to strangers and edited them into comedic pieces. He has written and produced numerous TV pilots for places UPN, VH1 and Comedy Central that were so amazing, they never even aired.
