What a great read! I hope a sequel is on the way I can't imagine the author will ever run out of things to write about.0 of 0 people found the following review helpful. Great Stories !!By CustomerWhat a funny but interesting read this is. Once you start reading it, it's hard to stop. Where ever this motel is located, there must be a lot of "different" people in the area. I'm not being offensive, you just get a good

dose of various ways of living that you normally wouldn't know. Every chapter anonymously tells the story of a renter at the motel. It's written in first person which makes the book more of a conversation read...true personal experiences of the author. I'm hoping the motel manager writes a sequel. I highly recommend checking it out...you'll love it !0 of 0 people found the following review helpful. Fun ReadBy Phil NaessensThis was a fun read. It's well written and highly enjoyable. My only gripe was that it wasn't long enough. I enjoyed Motel Madness and I think that you will too!

Did you ever hear of the Don't Tell Motel? Maybe you have seen one. Did you ever wonder what kind of things go on there? Come with me as I take you on a short adventure into the happenings of the Don't Tell Motel and the people who visit them. These are the true stories as I myself have witnessed. Being a Manager here has taught me one thing that these motels are like a box of chocolates you never know what you are going to get but it usually has "nuts"!
