A book every daughter-in-law should have!!By Kelly DunnI am a daughter-in-law who has spent years biting my tongue and walking on eggshells around my mother-in-law. For many years, I thought this was a problem only my mother-in-law and I had. Then I bought this book, and my world turned

around! It made me laugh because of the outrageous things that mothers-in-law have said and done to their daughters-in-law, it made me sigh because I could relate to so many of the stories, I got some really good advice on how to react in certain situations, but most of all, it gave me comfort. I am not the only one going through this. I recommend this book to all of the daughters-in-law out there. Whether you are a soon-to-be daughter-in-law, fellow daughter-in-law, or ex-daughter-in-law, you will truly enjoy this book. 4 of 4 people found the following review helpful. Perfect book for a soon-to-be or new bride!!!! By Beth Carroll My best friend is getting married, and she is having issues with her soon-to-be husband's mother. I bought this book for her, and she loved it! She said that she was at her wit's end until she read the book. Now she knows that she isn't the only one with this problem and can actually find humor in her behavior (or lack of) After my best friend said how good it was, I read it and really enjoyed it too. Even though I am divorced, I related to many of the stories.... Lucky for me, I don't have to deal with my mother-in-law ever again;-)) 2 of 2 people found the following review helpful. Good idea but the book doesn't deliver By black hacker It seems the author took the e-mails she received from people and without editing them published them in the book. There are lots of errors and mistakes. Some seem to be so summarized they have totally lost their effect. Overall I was very disappointed in this book. I stopped reading it when I reached the last 20 pages and picked up a much better book called "Toxic Inlaws" I recommend Toxic Inlaws to anyone having inlaw problems like me.

Are you struggling with mixed emotions of frustration, sadness, anger, and guilt because of the tumultuous relationship you have with your mother-in-law? Is she having a negative affect on your well-being? If you answered yes to any of these questions, then I urge you to read this collection of stories told by the women who have chosen to break their silence.

About the Author Patricia Bachkoff lives in Boca Raton, Florida. She shares her life with her best friend who also happens to be her husband, her beautiful mother, three brothers, father and her two dogs.
