Kurt Vonnegut : Mother Night before purchasing it in order to gage whether or not it would be worth my time, and all praised Mother Night:

Mother Night is a daring challenge to our moral sense. American Howard W. Campbell, Jr., a spy during World War II, is now on trial in Israel as a Nazi war criminal. But is he really guilty? In this brilliant book rife with true gallows

humor, Vonnegut turns black and white into a chilling shade of gray with a verdict that will haunt us all.
