I will buy a couple of more copies, one for my coffee table and one for my daughter in law.This is a beautiful keepsake!0 of 0 people found the following review helpful. Good short bookBy AdriI like the pictures, it brought me a good memories. But, I think is more a booklet than a book.0 of 0 people found the following review helpful. Cute enoughBy Maria on the East CoastThis is a great book for Mom's of young kids, but I would have liked to have the text made more universal. The idea has great potential.

If you agree with Ed Asner that 'raising kids is part joy and part guerilla warfare', you'll love this Keepsake. The photographs and captions will touch your heart and tickle your sense of humor, as you face the daily lovely or hair-raising happenings of motherhood.
