**Liz Bluper, Renee Plastique : Mothers-In-Law Do Everything Wrong: M.I.L.D.E.W.** before purchasing it in order to gage whether or not it would be worth my time, and all praised Mothers-In-Law Do Everything Wrong: M.I.L.D.E.W.:

7 of 9 people found the following review helpful. Cute, a funny giftBy Sarah WadeThis book is definately not a self help book. I frankly found it humorus to read some of these other women's stories. If you're looking for something to improve your relationship, this isn't the book. If you looking for something kind of funny to laugh at all the silly things other people's MILDEW do, this is. I think it would make a fantastic gift for a wedding shower or bachelorette party.0 of 0 people found the following review helpful. Book: MILDEWBy Robin MeadowsThe MILDEW book was ok. I

read most of it but I truly thought it'd be about things MIL's shouldn't do but these MIL's were horrid! I will truly try to be a good MIL but I probably will end up a MILDEW..lol.9 of 10 people found the following review helpful. Required reading  
By A Customer  
This is an excellent guide to the behavior of Mothers in laws and should be required reading for Sons-in-laws everywhere!!

Authors Liz Bluper and Renée Plastique have sparked a revolution with their code word: M.I.L.D.E.W. (shorthand for Mothers-In-Law Do Everything Wrong). Their playful acronym is becoming a party of today's lingo as women talk to each other about that all-too-familiar marriage by-product—the mother-in-law. The authors are helping women "laugh their MILDEW away" by sharing their hilarious strategies, stories and relatable experiences. Women from across the globe are now opening up and sharing their stories, lending support to those also suffering from "MILDEW build-up" and confirming that, indeed, they are not alone. They are discovering that when it comes to MILDEW, laughter really is the best medicine. "M.I.L.D.E.W. is truly therapeutic!" says one reader. With its broad appeal, M.I.L.D.E.W. is inspiring mothers-in-law, too. By taking their scientifically calibrated quiz, more than one mother-in-law has been surprised at the results and subsequently changed her ways. Bluper and Plastique are hearing reports of reduced marital stress and improved family relations. "World peace can't be far behind!" quips Plastique. From their all-too-revealing quiz to the laugh-out-loud stories to the "Hey, that really might work" strategies, this book gives new meaning to the word "MILDEW," and will keep you laughing and dying to share it with your friends.

About the Author  
Authors Liz Bluper and Renée Plastique are writing under pseudonyms to "protect the guilty." They are mother-in-law experts and MILDEW Containment Specialists who are sharing their strategies, stories and humor on radio and television shows across the country. Liz is a writer and full-time mother living in Connecticut with her husband and three children. Renée is also a writer and full-time mother. She lives in Chicago with her husband, two sons, and dog.
