read loaded with great stories and many laughs. Aikin is a very talented author who masterfully intertwines both sweet and sour humor throughout Ms. Satire's exploits. It reminded me of a stand-up comedic script and I could not stop laughing. I highly recommend this book for anyone who is looking to be entertained. 0 of 0 people found the following review helpful. I started reading this book again and I am still sitting in a pile of clothes but I am laughing and having a good time. By jackie hays Just ran across this book I read about a yr ago, I laughed and thought it was so cute. WELL I found it while going thru my closet trying to get all those summer clothes and clothes I never will wear again,, I started reading this book again and I am still sitting in a pile of clothes but I am laughing and having a good time.. A easy read and so funny,, IT tickled me and that's not easy,,, 1 of 1 people found the following review helpful. LOL!! By susana1 This book is a FUNNY must have for all of us! Its gives dating advice a new twist to it, funny and hilarious... Do not, i say, do not take anything in this book seriously, if you do not have a sense of humor please do not purchase, And for those that do, you must buy...thank you to Ms. Aikin for making me laugh, we all need some laughter in our lives!!

This book is an oxymoronic contradiction. It is appropriately inappropriate, clean-dirty fun, and has a good-bad character. She is an intellectual idiot and loves her crowd, although incapable of love. To her, the crowd longs to obtain her knowledge and expertise. She is an optimist with a pessimistic quality, compliments with a backhand, and knows what she does but doesn't realize what she is doing. It is never intentional, never meant to be malicious or deviant. She is truly and simply unaware and innocent. A nice mean lady, and it is never her fault even if it is.

About the Author The Author on How the Book Began I've always liked to entertain using humor. I do this only with those I feel most comfortable with, so this is a change for me. The best part of making this book is that I didn't even really know where I was going to go with the stories. I like to take a scenario out of the air, and crazy ideas just keep popping up in my head. I am natural at doing this but never remember what I said or thought up the day before. It's a mood, and the company and tone have to be right. I don't make it happen; it just comes spontaneously. This is the first time I put my quirky humor down on paper. This book takes what people have been through, have seen, agree with or don't. It is real but fictional at the same time. As a matter of fact, the whole book is an oxymoron and contradiction in some way. The character I made up may exist in some way, although I have never actually met her in a complete way—she is a mixture of many. This character is a mixture of intellect and innocence, with a spin of crazy and irresponsible behavior. It is as if she could possibly be well-read, but has no concept of anything other than egotistical views. The character is, in a sense, a character. She is a mixture of many types of distorted and normal individuals, and in her viewpoint, she is brilliant and popular. The reason I began this book is because I wanted to try and do a stand-up comedy routine.
