Giddy Knowall : The Little Book of Mindlessness: Don't Try*Disengage*Care Less before purchasing it in order to gage whether or not it would be worth my time, and all praised The Little Book of Mindlessness: Don't Try*Disengage*Care Less:

If at first you don't succeed... destroy all evidence that you tried. "I dont think Im mindless, therefore I am." "Do judge a book by its coveryou're not going to read it anyway." The Little Book of Mindfulness by Tiddy Rowan (Quadrille) is a global bestseller, praised for helping readers discover a renewed energy and inner peace. Focus, Slow down and De-stress are its core mantras. But not everyone appreciates such words of wisdom. So meet the book's directionless, foolhardy, and reckless parody: The Little Book of Mindlessness. It's the perfect antidote to "inspirational" self-help guides.

I bort this off they internet and it wasn't the one wot i wanted. and it wasnt funney. Ezekiel Bunktroffer III
