I physically cannot wait until tomorrow to go to work and hang my calendar. I love the sense of humor. I am a high school counselor, and I am hoping that my students will love it as well. 0 of 0 people found the following review helpful. Delightful By Dennis G. Delightful drawings. Creative scenes. Clever dialogue. Accurately described, fairly priced, well packed and promptly shipped. What more can you ask! 0 of 0 people found the following review helpful. Great artist and calendar! By Clover Always lovely. My go-to wall calendar for the past couple of years.

In Liz Climo's little world, snakes and rats take selfies together, rabbits and bears share dinner (Carrots? "Man."), and sharks and otters hang out (but the otter has to pretend that the shark's about to eat him if the shark's friends show up). These and a furry and finned array of characters wryly coexist within Liz's clever and funny cartoons. She gives each of her creations an innocence and humanity that inspire delight as well as laughter. This all-new spiral-bound wall calendar features some of the latest cartoons from Liz's super-popular Tumblr blog containing her drawings of hedgehogs, whales, bears, and more.
