Many puns are on the edge wittingly so, so be careful with them around young children. Great fun in small groups, or just for a laugh. A+2 of 2 people found the following review helpful. a Nice collectionBy W PrahmaRead this back in college at a friend's house. Years later, I realize I can probably find it online. I did, indeed.Lots of historical insights into context. Mixture of different types of limericks... Good coffee table material.After all, that's how I first discovered it.On the transaction side, the seller was also incredibly thoughtful and communication was clear, quick, and friendly.Thanks for going above and beyond!
