This hardcover combines 3 volumes of MAD bathroom companions, and contains 864 pages of classic gems from MAD. My only gripe about this book is that the pages have been shrunk down to the size of the pages of a hardcover book (compared to the original MAD magazine page format) and this makes the margin drawings hard to see.0 of 0 people found the following review helpful. The usual garbageBy AmigarritaNot only I liked the contents, but the format. It's very readable although I concede the margin drawings are difficult to see. However, I would like to buy another bathroom series or any other Mad magazine with this format. All you have to do is Enjoy!!!!0 of 0 people found the following review helpful.
