My granddaughter loved Judy Moody and now the boys can enjoy the same misadventures with her brother Stink!0 of 0 people found the following review helpful. Judy Moody and Stink Treasure HuntBy Janie DillsThis book was a gift for one of my grandsons. He seems to like the Judy Moody and Stink series. Since I believe reading to be very

important for children this series makes reading fun for him, I'm all for it.0 of 0 people found the following review helpful. another winner for the young chapter reader...By Militarybrats4My 7-year-old daughter, who is a strong reader, loved this book. It has a nice combination of pictures and text. It is an entertaining read for the early chapter reader set. Its lexile is in the 500's, so it's not for a beginner reader, but for judy and stink fans, the vacation/treasure hunt setting is a nice departure from the usual home/school setting.

FOR USE IN SCHOOLS AND LIBRARIES ONLY. When the Moody family arrives on Artichoke Island, they are greeted by Cap'n Weevil, a one-eyed buccaneer with a secret treasure map. Before you can say Davy Jone's Locker, Stink and Judy are racing across the island in search of gold.

From School Library JournalGrade 13It's a pirate-themed holiday for Judy and younger brother Stink as the Moody family makes their way to historic Ocracoke Island, home of Blackbeard. Stepping off the ferry, the siblings enthusiastically tackle a scavenger hunt organized by "Scurvy Sam," aka Cap'n Weevil. Solving each riddle leads to "pieces of eight" given by locals playing along with the contest. As Judy and Stink race around the island, two other kids seem to be hot on their heels. With a bit of ingenuity and perseverance, the Moodys manage to outwit their competition. Their joy in victory is tempered by the realization that the other kids who have been trying hard have inadvertently led them to the answers on a number of their clues. They decide to include them on their prize tripa sail around the bay on a real pirate ship. With a mix of pirate slang, silly jokes, Morse code, and tantalizing puzzles, enlivened with full-color cartoons throughout, this book is a humorous summer read.Madigan McGillicuddy, Los Angeles Public Library Copyright Reed Business Information, a division of Reed Elsevier Inc.
