The best joke book everBy SimeonThis is not an understatement. This book covers all the jokes you would have heard in a long time (covering every topic) and then some, excluding the very corny, typical ones. Not only is there those, but there's insults, amusing misprints, limericks, and quotes from all the funniest comedians around. Buy this book, it's simply amazing and my favourite humour collection in the world.

Containing over 6000 entries, arranged by topic and fully indexed by subject this book represents a great store of jokes, toasts, after dinner stories and quotations.
