**Rosemary Ellen Guiley : The Miracle of Prayer: True Stories of Blessed Healings** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Miracle of Prayer: True Stories of Blessed Healings:

0 of 1 people found the following review helpful. One of my favorite books about prayer....By Angelos...I have read many books about the power of prayer, miracles, healing, angels, divine visitations and near-death experiences ---but this book is one I keep coming back to, and finding copies to give as gifts....I am somewhat sad that it has so few reviews,and is not well known....I truly love how it looks at prayer from every aspect, and you can be of any religion or spiritual path,to comprehend it all....It is very open-minded yet discerning, and I believe it's truly one of the best books about prayer --- itjust seems to cover every area of prayer you can think of, and every way a prayer can be answered....This is a blessed bookto give to anyone in need of healing, of any kind....I thank the author for writing it!....If more books like this were on the best-seller lists, I do believe it would help our world change more for the better, for all living beings....3 of 3 people found the following review helpful. a wonderful journeyBy Naoise G. NickolayThis book is a wonderful journey through prayer and mysteries. It is a good tool to awaken your senses to the mystical realities of modern day life dealing with personal experiences and tools to improve your own psychic awareness in a variety of fashions. A good addition to your library for inspiration and as a reference for similar publications as it brings together a diverse collection of material

Across the nation, there has been a resurgence of belief in the power of prayer. Most of us pray for our families, for forgiveness, for guidance - and especially for healing. But what, exactly, is prayer? Is it a thought, a conversation with God, an outpouring of the soul? Why do some prayers work - and others don't? How does praying connect us with the Divine?
