Meghan Rowland : The Misanthrope's Guide to Life (Go Away!) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Misanthrope's Guide to Life (Go Away!):

6 of 6 people found the following review helpful. It's so good I'm not mad I had to pay for it and you don't....By JLSPAs a fellow misanthrope, there are courtesies that are unspoken (like the hand wave in traffic), that normally would send me into a tirade filled with vitriol and fervor - reading on today's Twitter that this book can be downloaded for "free" (meaning no-cost) was one of those moments that turned into a Christmas Miracle of sorts, because the book and their blog and their tweets are so funny that even as a misanthrope, I am happy for the misanthrope-challenged population who will be given the opportunity to educate themselves about those of us who avoid them at all costs, and

understand that it really is us, not them. I not only downloaded and paid for the book on my Kindle last month, I bought paperback copies for my friends and coworkers, because again, it is that funny! And real. Thanks Meg and Chris, and you're welcome. 5 of 5 people found the following review helpful. Did you follow me around to write this book? By Chrissie R. I have been a fan of the blog 2birds1blog.com since before Meg got fired for writing anonymously about the company she worked for (which I mention only because the situation brought out the best of Meg). I love each and every post, and am thrilled that now with *The Misanthrope's Guide to Life (Go Away!)* I get to have a bit o' Meg and Chris to call my very own (without the hassle of stalking, and logistical problems of how to physically get a bit of them...). By the time my relationship with Misanthropes was only a few chapters old, I felt like I must have had a stalker. I mean, I must have been tailed quite closely for the authors to have reached in to my soul and laid bare on a word processing program exactly who I am inside and what is right/wrong with me. By the end of the book, I feel like I need to purchase multiple copies to give out to people who try to "get" me. Mom, sister, brother? Christmas is coming. 0 of 0 people found the following review helpful. Great Start, Disappointing Finish By Walter Mitty I picked this book up for my kindle when it was offered for free. I had been reading some very heavy books lately and this looked like a good light, humorous read. It started off laugh out loud funny, simply because I could relate to a lot the authors were stating. About a quarter of the way in, the book became more of "cute" book. While the editing and punctuation errors did not bother me much, it seemed the authors began trying too hard to create enough content to fill a book. I give this book 3 stars based on the first quarter of the book alone, I would recommend this as a light quick read but don't expect side-splitting laughter throughout.

Misanthrope, n.: 1.) One who hates mankind; a curmudgeon; a loner; 2.) The guy in your office who responded to your e-mail of baby photos with "D-. Passing, but not college material"; 3.) A Realist From *The Misanthrope's Guide to Life* In this guide, you'll learn how to get away from the pain-in-the-asses who make you seriously consider investing in a fallout shelter and making it your new home. You'll take isolated comfort in these survival strategies, including how to: Conduct managed incoherence to get the delivery boy from the lobby to your door Take a "French leave" in order to eat alone at work Get ousted from your kickball league by dressing as Magnum, P.I. for every game Get back at the jerk yapping on his cell phone by reciting the lyrics to Harry Chapin's version of "Cat's in the Cradle" End a conversation by "Gwynething" (also known as playing the "I'm delightfully foreign" act) someone to death This is the survival guide you will be annoyed not to have.

About the Author Meghan Rowland, a group-therapy dropout, was the only girl in kindergarten with a John Larroquette lunchbox. Chris Turner-Neal, an only child, is a graduate of James B. Bonham Middle School, where he received an F in participation. Together, they write the award-winning comedy blog 2birds1blog.com, a collection of crass musings, investigative reporting, and sarcasm widely hailed as "the thinking man's Beavis and Butthead." Sharing an author bio is an uncomfortably intimate experience for both of them.
