Selena Coppock : The New Rules for Blondes: Highlights from a Fair-Haired Life before purchasing it in order to gage whether or not it would be worth my time, and all praised The New Rules for Blondes: Highlights from a Fair-Haired Life:

But you're probably used to that, right? I get the feeling you're wrong a lot.But seriously - this book is for blondes, sure, but it's also for anyone who wants to read

something FUNNY. That would be me. I saw Selena Coppock do standup a few years ago, so even though I'm a dark brown haired lady, I was intrigued when I heard about her book. It did not disappoint. The book is every bit as funny as Selena's standup. Her writing style is smart, funny, and dare I say: whimsical? I dare. Enjoy the footnotes. Many of my favorite jokes are embedded in those lil munchkins. If you're looking for a fun, funny read - and I have a feeling you are - *New Rules for Blondes* is it. 0 of 0 people found the following review helpful. The hilarity of living life as a blonde. By L. Alexander. The *New Rules for Blondes* struck such a chord in me, that I was often snorting with laughter while reading it on a plane. I'm sure my seat mates nearby thought I had some serious disorder. Luckily, this made them avoid like the plague so that I could continue reading and snorting in peace. Selena picks up on and describes in such perfect detail what it is to live your life as a blonde in this world. The book is hilarious, truthful, and just feels happy. As a half-brassy, half-platinum blonde, I highly recommend this book to all those who used to be blonde, who currently are blondes, and who strive one day to reach that perfect place of blondness. Read it! (Plus, I want to meet Selena and hang out some time so we can discuss Blonde "things.") 0 of 0 people found the following review helpful. Great comedic voice! By margot leitman. Selena Coppock's "*New Rules for Blondes*" was written in such a lovable voice that just made you want to be her best friend. Yes, I am a blonde, but I also related to her disdain for technology, love of hair metal, and fighting spirit. Her prose is unique in its approach, making me wonder if Selena may just be the next big thing in the book world. I loved this book!

Writer, comedienne, and full-time Blonde, Selena Coppock offers up adventures, misadventures, and golden-hued nuggets of wisdom in a laugh-out-loud anthem for those of us who really do have more fun. . . . The modern blonde is savvy, wise, confident, capable, and not afraid to laugh at herself when the occasion calls for it. She knows who she is and is prepared to subvert all stereotypes (although she's not above wielding her golden tresses to her advantage), and knows how to be both classy and a little brassy. In the way only a Boston-bred New Yorker who once won "Best Hair" in her high school graduating class could, Coppock doles out tongue-in-cheek advice about avoiding hair disasters, the consequences of dating a man who cares a little too much about his own hair product, and so much more in an outrageous essay collection that will have even the staunchest of raven-haired beauties considering a trip to the nearest salon.

"A must-read for all blondes, those who hate blondes, or anyone with a sense of humor. Otherwise, this is NOT the book for you!" (--Kristen Johnston, New York Times bestselling author of *Guts*) "Selena Coppock is a hilarious, sexy bundle of blonde madness. Her willingness to own her magnificent dorkitude is an inspiration to us all." (--Sara Benincasa, author of *AGORAFABULOUS!*) "Coppock must've made a Faustian bargain to be blessed with so much wit, smarts and, of course, fabulous tresses." (--Kambri Crews, author of *BURN DOWN THE GROUND*) "Blondes have more fun reading this book, at least this fair-haired broad did. A fresh, fun "lady-guide" that all girls can enjoy...even dumb brunettes. You heard me!" (--Jillian Bell SNL, *Workaholics*) "Only a smart blonde could make dumb blonde jokes this funny." (--Sarah Baker, *Go On, The Campaign*) About the Author A natural blonde who is (now) more faithful to her colorist than she has ever been to any boyfriend, Selena Coppock is a standup comedian, storyteller, and writer based in New York City. When not pushing her pro-blonde agenda, Selena can usually be found in a dive bar lamenting the breakup of Guns N' Roses and putting Bob Seger's "Night Moves" on the jukebox. This is her first book.
