From Bloomberg Press : The New Yorker Book of Golf Cartoons (New Yorker Book of Cartoons) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The New Yorker Book of Golf Cartoons (New Yorker Book of Cartoons):

Amusing Perspectives on Both Golfing and Flogging By Robert Morris At least to me, reviewing an anthology of cartoons resembles reviewing a performance by Marcel Marceau. Just as you really had to be there to see the performance to appreciate his talent, you really have to see the cartoons to appreciate their creators' talent. So, what to say now? First, that I am avid golfer and thus have a special interest in this volume, one of several in a series. Also, I am a long-time subscriber to The New Yorker and had already seen most of Robert Mankoff's selections as editor. I just wish I had aged as well as they have. Finally, if you love both golf (which is "flog" spelled backwards) and a good laugh, and no one else has as yet purchased The New Yorker Book of Golf Cartoons for you, don't begin dropping hints resembling anvils and then eagerly await the next birthday, anniversary, or holiday. Treat yourself to a copy TODAY. enables you to check out several of Robert Mankoff's selections as editor. Meanwhile, here's an excerpt from the dust jacket: "Mark Twain called it 'a good walk spoiled.' Lee Trevino said it was the most fun he ever had with his clothes on. For duffers and pros alike, golf can be both a delight and a

torment -- often on the same day, sometimes on the same hole." Been there, done that. And, alas, will no doubt do so again...and again...and again. Fellow duffers, however badly you may play, you can count on this volume to entertain you later...and thereby help you to have the right perspective when you golf and/or flog your way through the next round.0 of 0 people found the following review helpful. Mark Twain called it "a good walk spoiled." Lee Trevino said it was the most fun he ever had with his clothes on. For duffers and pros alike, golf can be both a delight and a torment—often on the same day, sometimes on the same hole. How difficult can it be to take a stick and knock a small ball into a hole? In the obsessive examination of that question lie the joys and sorrows of many a dedicated player. (Is obsessive too strong? Just ask any avid golfer's friends or family.) So it is little wonder that golf has been the subject of numerous cartoons from The New Yorker cartoonists, including such luminaries as Charles Addams, Roz Chast, Whitney Darrow Jr., Edward Koren, George Price, and William Steig. Robert Mankoff, the cartoon editor of The New Yorker, has culled the decades' best, all exhibiting the focus, the passion—and the frequent absurdity—of the golfer's world. This unforgettable collection contains one hundred pages of cartoons, which, like a hole in one, will leave you smiling.

About the AuthorRobert Mankoff is the cartoon editor of The New Yorker, president of The Cartoon Bank, and a wonderful cartoonist (with a lousy handicap). He has published numerous collections of his own work and is the editor of eight collections of New Yorker cartoons.
