usable information. I thought it was just going to be some neat but fun light hearted suggestions, but there is a TON of information in it. Gave it to my sister and future brother in law for their bridal shower. Huge hit! 0 of 0 people found the following review helpful. Five Stars By Debra Bought as fun gift for wedding Good tips information 0 of 0 people found the following review helpful. Worth a read By Customer Got this as a gift for my sister to give to her as part of her wedding gift, (plus the Bride Groom manuals as an engagement present). Read through it myself before I give it to her as I'm a newlywed myself and I enjoyed reading it. It covers all the basics of what to do what happens after you get married.

From communication and cohabitation to in-laws, money, and sex, this guide is for every couple who is just starting out their new life together. At last! A guide to that crucial first year of marriage! You've exchanged your vows, cut the cake, and danced your first dance. Now what? The wedding may be over but the marriage has just begun. You're in the honeymoon period now, but when reality sets in you'll likely be full of questions: Is arguing normal? How do we decorate when we have two completely different styles? How do I deal with the in-laws? Are we ready for children? Fortunately, *The Newlywed's Instruction Manual* is here to help you and your spouse navigate the ins and outs of those early years of marriage.
