By mordovI ordered in paperback. It looks different from the picture and is in black and white rather than colored pictures. The description said nothing about this and I assumed it was the same as the hardbound but only paperback nor did the picture reflect this change.

Christmas was coming, and Santa was freezing! A blizzard was blowing! The reindeer were wheezing! The North Pole was covered with acres of snow And the temperature gauges read 20 below. This cold, Santa cried, is affecting our skills. We cant be adept when were quaking with chills. I wish we had hours to scour the nation For a place we could work a second location.
