C. B. Brooks MD : The Nonbeliever's Guide to Bible Stories before purchasing it in order to gage whether or not it would be worth my time, and all praised The Nonbeliever's Guide to Bible Stories:

21 of 22 people found the following review helpful. Well written and a good buy.By Nick JamesAs someone who has read the bible several times, this is a fantastic book to have around. It's an enjoyable way to review content, and I can share it with my less-dedicated friend. They say reading the bible will make you into a non-believer, and this makes it just that much easier ;)8 of 8 people found the following review helpful. Yup. The Bible actually says that.By JhawkippIf you want to be culturally literate, you need to know biblical allusions -- no matter how outlandish they are.

This book does a great job of summarizing the sections of the Bible to which people refer on a regular basis through clichés and aphorisms (ex: Read the handwriting on the wall; babbling on) and doing it in a humorous "Can you believe this is what it ACTUALLY says" kind of way. I read almost the whole thing in one sitting. 4 of 4 people found the following review helpful. Humorous synopsis of bible bunk
By Karen Cheetah
I never could imagine that someone could make bible nonsense funny but that's exactly what CB Brooks does. I was spoon fed the bible as a child which made it easy for me to become a non-believer. I'm definitely gifting this book to my 30 something niece to help her on her journey away from flaky belief. Reading this book was kind of like watching George Carlin's comedy routine about boiling the 10 commandments down to 2...funny stuff!

Perfect for those interested in learning more about what the Bible actually says but who have neither the time nor the interest to read the actual thing Ever thought you should know more about what's in the Bible, not because you believe in any religion, but because it's the most read book in history? Before you dust off the family Bible, or reach into the hotel bed stand, *The Nonbeliever's Guide to Bible Stories* will save you a lot of time and trouble. Coupling an editor's pen with a skeptic's commentary and humorist's wit, it offers the highlights of each book of the Bible, from Genesis to Revelation, and distills them into quick, entertaining, bite-sized chunks. It's all here: the characters, famous quotes, tall tales, and references often heard in film, music, art, literature, and conversation. You'll also learn about all the sex, murder, harlotry, intrigue, magic tricks, ghosts, and sin that help fill sermons on Sunday mornings.

About the Author
