Nobody spends more than five minutes working in an office these days without sensing the murky world of hidden agendas, raw ambition, ruthless backstabbing, and outright greed. Only the strong-and the cunning-survive. And that's where The Office Espionage Kit can give you an edge. This delightfully wicked collection includes an assortment of skills and top-secret devices that make Mata Hari look like an amateur. This handy kit provides just the tools you need to hone your spy powers and start tracking coworkers' comings and goings. Your sleuthing gear includes a micro listening device easily disguised in a cell phone for those not-to-be-missed conversations between bosses and to find out what they're saying behind your back. You also get two discreet mirrors that allow you to monitor maneuverings around the office while ensuring you're always aware of who's checking up on you. Use the mirrors to make a

periscope-essential for snooping over cubicle walls or filing cabinets. And don't forget the two-in-one invisible ink pen and decoder that lets you record classified information without being discovered. In short order, you'll be the CEO-that's Chief Espionage Organizer-and hot on the trail of the latest office coup!This kit contains: * Book of spying tips* Micro listening device* Invisible ink pen and decoder* Two mirrors for periscope or for spying
