From Brand: Running Press Miniature Editions : The Office Mini Kit: Mini Dwight Bobblehead Included! (Miniature Editions) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Office Mini Kit: Mini Dwight Bobblehead Included! (Miniature Editions):

3 of 3 people found the following review helpful. GREAT fun gift! Wish there was more in the booklet.By Lindsey GarciaThe bobble head itself is SO AWESOME! The quality is really good so if you aren't treating it like a toy the way a 5 year old would, it will last a long time because it's very sturdy. The booklet attached is cool, I like the little trivia that is included but when they said it was 32 pages, I expected a bit more trivia and quotes from the Office. However the booklet only has about 7 questions in it and 10ish quotes. If they could make the booklet a little fat book with LOTS of trivia and quotes it would be an EVEN BETTER product :)2 of 2 people found the following review helpful. I bought it for a friend and loved it so much I bought one for me!By snekeSuper cute and small, definitely worth the money. About three inches tall and I have it under my monitor. The best part is I bought it for a co-worker as a birthday present and she loves it. She enjoys how Dwight agrees with everything she says.0 of 0 people found the following review helpful. EmbarrassingBy CustomerOne of the most overpriced and utterly embarrassing purchases ever made. What a horrible joke to play on consumers.'Every thing in the kit is tiny and cheaply made. Maybe worth \$1.
