**Sarah O'Brien : The Office Space Case of the Mondays Fun Files** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Office Space Case of the Mondays Fun Files:

At long last, Office Space, the endlessly quotable classic movie that pokes laugh-out-loud fun at the monotony and pointlessness of modern office life, has been translated into the ultimate office fun file guaranteed to cure every case of “the Mondays.” This is the perfect gift for recent college grads and all the minions already out there whose TPS reports just aren't cutting it. Packed within are crossword puzzles, word searches, pages to color, quizzes (“Is This the Worst Day of Your Life?”), games (“Your Jump-to- Conclusions Mat Fill-In”), writing prompts (“What Would You Do If You Had 1,000,000?”), and of course, loads of TPS cover sheets. Special features include paper dolls of your favorite Office Space characters, punch-out flair so you can express yourself, and coffee sleeves with classic Office Space quotes. You may make it to the next Hawaiian Shirt Day after all!

About the AuthorSarah O'Brien is an editor and freelance writer who lives in Philadelphia. She has penned many kits for Running Press, including the now classic original Office Space Kit.
