CookBought this book as a gift for a friend but think I will buy a copy to have available in my reading room (bathroom) for when guests come to visit.It's an easy to read and funny book of jokes and historical quotes, comments and comparisons which are very funny and educational.For the money (which is not much), this is a great gift book and great "light reading" material for the bathroom.I may buy a few copies to have as future gifts and one copy for myself.It shipped right away and arrived on time.3 of 3 people found the following review helpful.
