Henry Beard, Christopher Cerf : The Official Politically Correct Dictionary and Handbook: Updated! New Entries! before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Official Politically Correct Dictionary and Handbook: Updated! New Entries!:

3 of 3 people found the following review helpful. It's better to laugh than to cry...By Mr geocacher to you This is a

funny book - you might as well laugh instead of crying about how sad our PC world has become. The scary thing is this book has so many outlandish PC sayings that are based on actual happenings - mostly from college ethics committees. I think the funniest is "dead" - you're not dead you're "terminally inconvenienced"!!! You're not dishonest, you're ethically misguided. Wow. 2 of 2 people found the following review helpful. Five Stars By Misty Harmon Great book if your looking for alittle politically correct humor .1 of 1 people found the following review helpful. Five Stars By MiniViking A favorite classic.

Newly expanded and up-to-the-minute, a bestselling guide to survival in multicultural America in the sensitive 1990s. Includes even more real and satirical definitions to help keep thought cops away. Illustrated throughout.

From Library Journal Beard and Cerf (The Book of Sequels , LJ 11/15/90) present this outrageously funny lexicon in which they define and prescribe politically correct terms and phrases destined to severely euphemize common usage for generations to come. It includes a politically incorrect-correct usage handbook, as well as a section devoted to "other suspect words, concepts and heroes." It will be especially handy for politicians and business executives. It's simply indispensable if you hear a neighbor talk about her new "botanical companion" (plant) after you've only just discovered her "significant other" (a.k.a. "partner") is really her husband, a "follicularly challenged" (bald) "person of stupor" (wino) with "alternative dentation" (false teeth). While not expected to replace Strunk and White, this is a droll reminder of what's happening to contemporary English usage. We're sounding more like the Coneheads every day. Highly recommended.- Joe Accardi, Northeastern Illinois Univ. Lib., Chicago Copyright 1992 Reed Business Information, Inc. From the Inside Flap Newly expanded and up-to-the-minute, a bestselling guide to survival in multicultural America in the sensitive 1990s. Includes even more real and satirical definitions to help keep thought cops away. Illustrated throughout.
