It was written at the adolescent level, but wasn't suitable for teenager readers. It was such a disappointment as I was hoping it was political satire and all I read was trash. I didn't bother to finish it before I donated to Goodwill. And, by the way, I'm not a prude. I love to read, but this book had no redeeming social values.0 of 0 people found the following review helpful. Periel Achenbrand is one of my favorite authors. authors. You should definitely read her other (and even better) book, "On My Knees". She'll have you cackling aloud in both books. Very quick read, and I wish she wrote ten more books on her daily shenanigans. Her views are extremely liberal and she swears every other word. My kinda gal! 0 of 0 people found the following review helpful. Person loved it. By Tomcatbought as a gift. Person loved it.

Periel Aschenbrand loathes Internet dating, Republicans, TV, junk food, and stockbrokers. She is twenty-eight years old, lives in New York and Los Angeles, accessorizes Dolce Gabbana with a "F\*ck Bush" necklace, and wakes up every morning to a double espresso with a "splash" of 2% milk. Predictable and pretentious, right? Wrong. Periel Aschenbrand is also best friends with a Mormon, waits tables in Spanish Harlem, flirts with New York City cops, enjoys a good lap dance, gets revenge on snotty salespeople in an unconventional manner, and stayed in constant cell phone communication with her mother while protesting in her underwear at the Republican National Convention. "Are you provoking any policemen? You could be put in jail and get physically hurt by crack addicts who would see you as bait." In a refreshing nonfiction debut that's never sanitized or slick, Periel delivers raunchy and hilarious truths about sex, politics, and how best to inspire the youth of America.

From Publishers Weekly Aschenbrand, who founded the T-shirt business, Body as Billboard, and identifies herself as "half Israeli and half New York Jew," shares some of her thoughts about the world, which—apart from the left-wing slogans—feature the type of humor appreciated by Howard Stern fans. Many of Aschenbrand's opinions pertain to religion. For example, she can't believe a friend is a Mormon: "I was like, insofar as I'm concerned, the Mormon missionaries are like serial killers in that they prey on people weaker than themselves." Christians? The "pope knows that God doesn't exist. That's the secret of his fucking power." At the airport, she won't board her flight because there's a "tall shady-looking fucking Arab who looks like a terrorist" in line. Aschenbrand also explains how she came up with the idea for her T-shirt business. "We should use our tits to make people think," she thought, so she printed up shirts with slogans like "drug dealer" for an organization that raises money to send AIDS medication to children in Africa. Readers may also enjoy Aschenbrand's witty confrontations with her mom over anal sex and her suspicions that her proctologist is aroused by examining her... Or maybe they'll just want to buy the T-shirt. Copyright © Reed Business Information, a division of Reed Elsevier Inc. All rights reserved. About the Author Periel Aschenbrand identifies herself as half Israeli and half New York Jew. She founded a politically oriented T-shirt company called Body as Billboard, which she hopes will continue to serve those who find it unappealing to be walking advertisements for corporate America. She also has a soft spot for James Baldwin, Monique Wittig, Larry Kramer, Gore Vidal, true crime novels, and pugs.
