Buck Peterson : The Original Road Kill Cookbook before purchasing it in order to gage whether or not it would be worth my time, and all praised The Original Road Kill Cookbook:

1 of 1 people found the following review helpful. Shopping for protein on the road By Moccasin I have a friend who is a great cook, and she never shares her recipes.....or at least, when she shares, there is some critical ingredient she fails

to include, and the results are never the same. This is my present for her, to stand beside her Julia Childs' cookbooks. Years ago now, I worked in the offshore oil field, and my deckhand previously worked with a captain who foraged road kill for his crew. He picked it up from the side of LA Hwy 1 between Leesville and Port of Fourchon on his way to the boat. No joke. When the crew complained to the office, which provided grocery allowance enough to not rely on road kill, a quick trip to the boat verified its presence in the freezer. So under those circumstances, the crew needed a cookbook such as this one. I cast no aspersions upon road kill per se, but it isn't for those with weak stomachs. Including myself. Don't take this seriously as a cookbook, but if you have a highly accomplished chef to buy for, this could be an exciting diversion for them. I doubt they ever heard of this cookbook. Published by Ten Speed Press....on the road again. :) 0 of 0 people found the following review helpful. Great book By rowdy yates Purchased one for gift and one for personal reading. Very thoughtful ideas! 1 of 1 people found the following review helpful. Useful and humorous By DanangDoc Useful if you go in for that sort of thing and certainly humorous. I've eaten a number of FRESH road kill deer (great) and, one woodchuck (on a dare-terrible) but I haven't got around to the other critters described. Since I'm now on social security, "bumper bunny" is looking better all the time.

In his inimitable style, Buck Peterson takes the reader to such far-flung, well-hung places as Azerbaijan and the Isle of Gilligan to enjoy foodstuffs once known only to a small handful of well-heeled heels. The International Cookbook teaches the where and how to practice roadkill skills on foreign soil, details the food customs and traditions of the home country, and serves the most popular recipes prepared in Buck's own roadside test kitchens. The recipes include the popular UK dish -Battered and Mashed, Chili's national dish - Chili Con Carnage, Pakistan's Chicken Peeloff and Germany's Hasenpflatten.

.com This guy's not kidding! Well, he is kidding, but he's serious, too. Buck Peterson takes a generally disgusting subject and makes it hilariously funny. And edible... With a good sense of humor and a strong stomach, you will find this book entertaining and thought-provoking, but you might want to keep it in another room when you have friends over for dinner. About the Author BUCK PETERSON is the author of 10 books on the great outdoors, including the best-selling ORIGINAL ROADKILL COOKBOOK. He roosts in an old-growth tree farm just outside of Seattle, Washington.
