Why, Oh Why, wasn't there a baby book like this when I had my daughter? Each page is not only filled with really HONEST truths for you to fill in, you'll be laughing now and later, as you write your uncensored experiences from the comical blueprint Dawn Dais provides, in the pages of this unique, one of a kind, "Overly Honest

Baby Book." You'll be telling like it is, filling in your honest, yet hysterically funny point of view, of your no turning back truths. I bought it for a gift and you can bet, everyone at the shower is going to wish they had one too!2 of 2 people found the following review helpful. AmazingBy Matthew HewittThis book is absolutely hilarious! Gave two to my sister in law who's having twins. We read it out loud with all the family at the baby shower and we were all dying laughing.1 of 1 people found the following review helpful. Perfect Baby Shower GiftBy lilmonsterThis is such a creative gift for a baby shower or new parent! I love that it will make new parents laugh and feel understood. This book is funny and compact, with beautiful illustrations. Every time I see it, I laugh all over again. I'm excited to have something fresh to bring as the perfect baby shower gift!

Riffing off the sweet, sentimental baby memory books in the gift market, The Overly Honest Baby Book will highlight the real milestones of parenting-the indignities of childbirth, the first green poop, the first time Baby bit Mommy's boob while feeding, the first projectile spit-up, and more. Dawn's uniquely sarcastic yet playful tone has entertained and guided an enthusiastic and devoted readership over the years.
