**Ms Anne Belov : The Panda Chronicles Book 5: Pandapocalypse NOW! (Volume 5)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Panda Chronicles Book 5: Pandapocalypse NOW! (Volume 5):

0 of 0 people found the following review helpful. Pandas Can Do AnythingBy J. AlbertsBook 5 of "The Panda Chronicles" continues the fun of the four preceding volumes. The satire used with the pandas is coming through their various adventures. Each cartoon is part of a thread that author, Ann Beliov weaves and connects throughout all of The Chronicles. Laughs throughout!0 of 0 people found the following review helpful. Who rules the World?By Book MamaPinky the Meihems are taking over the world! Who rules the world? Girls! This book is so much fun. (And Cousin Wu is pretty cute too.)0 of 0 people found the following review helpful. Five StarsBy Debra K ZolmanBeautiful illustrations, funny, great for all ages. Love the panda satire books by Anne Belov.

The Panda Chronicles Book 5: Pandapocalypse NOW! brings you more of the pandas you have come to know and love from The Panda Chronicles! Bob T. Panda and Mehitabel the cat return, this time with the latest additions to the US panda kindergarten. Princess Pinky and the Meihem twins leap into action, much to Mr. Wu's dismay! Don't be fooled by the fact that this year's gang of junior pandas are girls! These panda princesses are loaded for...um...bear. Combining cultural satire with adorable panda girls behaving badly, Pandapocalypse NOW will make you laugh so hard bamboo comes out your nose. Um...well, maybe if you're a panda it will.

About the Author Anne Belov has been drawing and painting since the time she could hold a crayon. After receiving a BFA from The Philadelphia College of Art, she moved west and, since she didn't learn everything the first time, went to art school again, receiving an MFA in painting from the University of Washington. She now makes her home on Whidbey Island. Her main regret in life is that there is no MacArthur Foundation Grant in the field of panda satire. To her knowledge, there are no pandas in her backyard.
