A Baby Elephant Saves Himself and More!By SerenaWhat do you get when you have a Mumbai detective who had to retire for health reasons, a headstrong wife, one of the most annoying mother-in-laws in the world and a baby elephant? You get a charming and entertaining book.Once again Inspector Chopra shows how a real crime should be solved. Baby Ganesha is taken away by the bad guys. And Irfan, Ganesha's favorite caretaker, is kidnapped by his evil father. Lots of turns and twists take place in the exciting and maddening city of Mumbai. Very entertaining and I look forward to the next book.5 of 5 people found the following review helpful. I thoroughly enjoyed both books in the series and wish that there ...By J. SteinI thoroughly enjoyed both books in the series and wish that there were more. I feel like I can see the sights and smell the smells of Mumbai. There are stories within the main story that add pathos and emotion. I highly recommend both books in the series.0 of 0 people found the following review helpful. Delightful!By L. YoungThis second entry in the Baby Ganesh series is just as delightful as the first. Retired Detective Chopra saves the day when the Koh-i-Noor diamond from the British Crown Jewels is stolen during a museum exhibit in Mumbai. Aside from tracking down the diamond there are subsidiary plots concerning Irfan, a street urchin, who has been taken under the wing of Chopra and his wife Poppy, and the disappearance of Chopra's young elephant Ganesh. Enchanting secondary characters and the vivid city of Mumbai make this a very enjoyable new mystery series.

For centuries, the Koh-i-Noor diamond has set man against man and king against king.

Utterly charming."?Guardian on The Unexpected Inheritance of Inspector Chopra"The deep love for Mumbai and its people - warts and all - that Inspector Chopra shares with his creator infuses the novel from the beginning. It was the most unusual thing he'd ever encountered and served as the inspiration behind his series of crime novels.
