From Harpercollins Pub Ltd : The Pig Poets: An Anthology of Porcine Poesy before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Pig Poets: An Anthology of Porcine Poesy:

A pig's life is short and its experience somewhat limited. But when it comes to food our porcine friend is not quite so mute as one might suppose. In this witty and eccentric collection of poems parodying famous verse, the literate and erudite among our grunting sophisticates impart their pigly wisdom, teaching both human and young piglings alike

something of what it means to be a pig. Line art throughout.
