Matthew Reinhart : The Pop-Up Book of Nightmares before purchasing it in order to gage whether or not it would be worth my time, and all praised The Pop-Up Book of Nightmares:

5 of 7 people found the following review helpful. Darker then "Phobias;" Superb Pop-Up EngineeringBy Carol WatkinsThis book follows up the superb collaborative work seen in the Pop Up Book of Phobias. I found that the illustrations in this book affected me more because I have actually had many of these nightmares. The images in the book are darker and potentially more disturbing.The superb paper engineering is quite complex. Richly colored illustrations rise out of the pages in complex moving patterns. The scenes actually change sequentially as you move the pages back and forth.I suspect that most of us have had several of these nightmares at one time or another. Almost anyone can find something in these nightmares that would strike a responsive chord.That said, I felt that the text

detracted from the artwork. The text is a parody of "Freudian" dream interpretation. In truth, this would not be the way that Freud would have interpreted these types of dreams. I used the Pop Up Book of Phobias with a number of middle school-aged adolescents. However, some of the text in "Nightmares" might make it inappropriate for children under 16. 27 of 30 people found the following review helpful. Darker than "Phobias;" Superb Pop-Up Engineering By Carol Watkins This book follows up the superb collaborative work seen in the Pop Up Book of Phobias. Great sellers. AAA+++!!!

They're gripping, they're realistic, and they're universal--those primal scream-creating nightmares that every reader has had at one time or another. The Pop-Up Book of Nightmares brings them vividly to life with ten richly illustrated, over-the-top pop-ups that put the reader right in the center of a world gone mad. Which one of these nightmares did you have last night?--Being unprepared for a final exam--Going for a midnight snack and finding a refrigerator teeming with rats--Giving birth to a baby that's anything but normal--Being chased by a menace that seems to be everywhere at once--Free falling with no hope of a safe landing The Pop-Up Book of Nightmares is the perfect gift for anyone who wants to mine the psychological riches of their deepest slumber.

About the Author Gary Greenberg, Balvis Rubess and Matthew Reinhart collaborated on Melcher Media's The Pop-Up Book of Phobias.
