Tim Nyberg : The Practical Joker's Handbook before purchasing it in order to gage whether or not it would be worth my time, and all praised The Practical Joker's Handbook:

4 of 4 people found the following review helpful. A very funny book By "Anonymus" This is one of the more funny books i have read. It consists mainly of a large quantity of collected pranks, divided into different chapters. This book combined with M3, Sir John Hargrave's Mischief Maker's Manual would be the perfect combination for every prankster or mischief maker on any level. I almost laughed myself to death reading through the various pranks and their variation. I highly recommend this book, but if you are looking for inspiration to pranks, i would suggest you to read M3, Sir John Hargrave's Mischief Maker's Manual first. Overall, a very good book, with a very funny

theme.(Contains almost just pranks)3 of 6 people found the following review helpful. Garbage... pure garbage.By AtlantamanLike the header says - pure garbage. Save your money because this is simply the most worthless publication I have ever read. At best, I suspect that a 5-year-old might (I stress the word "might") find more of these practical jokes funny. At worst, the practical jokes (I use the term loosely) are boring and unimaginative, put into a format that is pure drivel. Honestly, I only found three (THREE!) of the listed "pranks" as funny, but has to disqualify two of them as "practical" due to the fact that they would undoubtedly result in my getting fired from my job. So, that leaves me with one - ONE - tidbit which I would qualify as a joke that would be both funny and "practical".Bottom line: Not worth the paper it's printed on....2 of 7 people found the following review helpful. So funny i almost wet my pantsBy A CustomerThis is the best practical joker handbook yet . The ones in here are a classic .I pulled a joke on my cousin on christmas eve[...]Well i hope you enjoy this book beacause it a very funny book. Get it today at your loacl library or bookstore. Have fun

The Duct Tape Guy is hysterical! We laughed so hard, phlegm came up!" --WSNY, Columbus, Ohio, on author Tim NybergAny guy who can get not just one, but six books-selling well over a million copies-out of a topic like duct tape has to know how to make people laugh. Tim Nyberg, creator of the Duct Tape books, truly is such a funny person. He brings his bizarre sense of humor to everything he does.Fun is certainly the operative word for Nyberg's The Practical Joker's Handbook, the only practical joke collection in print. Using his Web site, the author spent six years collecting practical joke and prank ideas from around the world. This definitive handbook features the best and the funniest of these, all designed to remind readers to have fun, not take life too seriously, and catch people off-guard to make them laugh. (Potentially harmful jokes and pranks were purposefully omitted.)The results are a hilarious collection of stories, tips, and tactics for bringing humor to the forefront. Nyberg first explains the art of the joke, then goes on to outline where and how to pull off the best practical gags on friends and loved ones. From how to jury-rig a toilet tank to using a kazoo to place an order in the fast-foot drive-through, Nyberg delivers the goods. This one will have readers in stitches!

About the AuthorTim Nyberg is a graphic designer and an illustrator who, along with his brother-in-law, Jim Berg, created the enormously popular Duct Tape Book series and more than a decade of best-selling Duct Tape calendars. He appears regularly on North American radio and television shows promoting his creative, offbeat humor books. He lives in Door County, Wisconsin. Online: www.ducttapeguys.com
