The Onion : The President of Vice: The Autobiography of Joe Biden before purchasing it in order to gauge whether or not it would be worth my time, and all praised The President of Vice: The Autobiography of Joe Biden:

85 of 90 people found the following review helpful. Hilarious caricature. By DP "The President of Vice" is not satire; it does not seek to make a political statement. Instead, it is ars gratias artis, existing only to make the reader laugh. And it

will. The Onion's caricature of Joe Biden is a hedonistic stoner with an affection for muscle cars, heavy metal and, above all, babes. "Diamond" Joe doesn't think before he speaks. He's hungover. He seduces women he meets while selling CutCo knives door-to-door. He pounds back tallboys while cruising in Baby, his milk-white Trans Am. His Bloody Mary recipe is garnished with Slim Jims. However, Papa Joe is a surprisingly round character with a friendly, endearing Puckishness that compels us to forgive all his trespasses in the Washington Monument. The actual author undoubtedly had a lot of fun writing "The President of Vice", and one senses that he or she admires our complicated Vice President. It isn't a scathing mockery at all, and in fact it could be fan fiction. After all, we all want to slam some brewhas with Joey Scranton. He's not a mean drunk, but a loyal friend. He's not a misogynist, he loves all women and defends their rights. He's a leader, a creative problem-solver, and even a protector of animals. He's also resilient, overcoming personal, spiritual and professional hardship. No matter how you vote, you'll laugh at "The President of Vice". Perhaps you'll even agree with God in the scene where, in a drug haze, he appears to Joe Biden and tells him to "never change". 3 of 3 people found the following review helpful. I'm not even sure this is a parody. By KevinBooks are normally boring. This particular book however, they sell you the whole seat, but you only use the edge. I'm not sure if I used commas properly in this review, but I certainly hit, and exceeded, the 20 character minimum for it. Great book! 5 stars, but you already knew that. I bet you looked at the stars first, didn't you? 1 of 1 people found the following review helpful. If you love the Onion's articles on Joe Biden -- an over-grown ... By Allyn Gibson If you love the Onion's articles on Joe Biden -- an over-grown metal-loving teenager-at-heart with tremendous appetites for cheap beer, quality weed, and copious sex -- then you'll love Biden's rags-to-riches story, told in his own words. The joke doesn't really overstay its welcome. It's a short and crude read -- and very funny if its humor is your style.

The Onion is proud to present *The President of Vice: The Autobiography of Joe Biden*. In this scandalous memoir, America's favorite politician discusses his early years, before he became ultimate wingman to the leader of the free world. For the first time ever "Diamond" Joe discusses the formative experiences of his life, including his childhood selling hooch in Scranton, his years cruising college campuses picking up co-eds in a Del Rio, the grade-A tang he plowed in the summer of '87, and his "sweet ass gig" as Senator of Delaware. Speaking of his own work, Vice President Biden says, "Amigo, you're just one click away from buying Uncle Joe's tell all autobiography. My sweetest guitar riffs, bustiest lays, wildest benders, and sexiest appropriation bills, it's all in there. You'll not only hear about me and my buddy Barack, but I guarantee you'll pick up some tricks that'll serve you well in the sack. Plus, I'm deep in the hole right now and really need the scratch."
