0 of 0 people found the following review helpful. Funny fun and fascinating By California guy This is a great humor book with lots of funny stories. I find myself reading it at random. This book would make a good gift too.

This book is an irreverent, politically incorrect, adult and sometimes blasphemous religious humor. It is a greatly expanded edition first published in 1998. A good potty book for the john.

I could not put down your book . . . You are responsible for taking up all of my valuable time last Sunday afternoon. I read your book from cover-to-cover . . . Great book! -- Phil Paulson, president, Humanist Association
