Anita Renfroe : The Purse-Driven Life: It Really Is All about Me before purchasing it in order to gage whether or not it would be worth my time, and all praised The Purse-Driven Life: It Really Is All about Me:

0 of 0 people found the following review helpful. Perfect gift to a girlfriendBy MurphyGood book with biblical verses through out ... actually saw myself in some of the experiences ... Also a laugh out loud book ..1 of 1 people found the following review helpful. A Real Eye-RollerBy AliThomI read this book for a book club I'm in. As a non-mother in

my 20s, I didn't really expect it to apply to me based on the mid-life, mid-kids description. But I'd heard it was funny, so I thought it would at least give me some laughs. Wrong. I didn't even laugh once in the course of this book. I DID find myself rolling my eyes often at her attempts at humor. Generally her jokes were just cheesy, overused, or a stretch...for instance when she said God intended for men to make coffee and that's why he called a book of the Bible "He Brews." I couldn't even retype that without rolling my eyes again. Mostly, her humor relied on self-deprecation. I have little tolerance for women who can do nothing but complain about how fat and ugly they are, whether or not they are attempting to make a joke of it. That came up in about every chapter, at least once. The one plus side is that it isn't very long so my torture in reading it was short-lived. If it wasn't for a book club, there's no way I would've finished this book. Couldn't get it to Goodwill fast enough! 0 of 0 people found the following review helpful. Too fluffy By GrammarBooks are like best friends to me and this book would be more like an "acquaintance" rather than a "friend". I'm not a materialistic person and was put off with the title and tried to get past that while I read the book. I didn't get that much out of it and would rather have spent my time on a book with more of a story with new characters to meet. To be fair I'm not one for change and I have a few authors whom I have come to love and it's hard to live up to my expectations.

This collection of estrogen-driven essays takes a look at a woman's mid-life (mid-section, mid-kids, mid-crazy) through a comedic grid.
